**Kim Micooley**

Moving Consultant  
920-617-9152

**The Cottages** offers a Personal Moving Consultant who will help you with everything from selling your home to coordinating your moving day!

#### How does it work?

Your Personal Moving Consultant will visit your home to discuss and evaluate the Fair Market Value as it pertains to the current real estate market in your area.

You will then receive a detailed report of the value of your property. At that time you may choose to:

- a) Put your house on the market and sell it, OR
- b) The Cottages will offer a flexible payment plan until your home is sold if it is medically or physically necessary for you to move prior to the sale.

#### What are the benefits of the real estate program?

- 1. Expedite the move-in process, worry free!
- 2. No waiting for your house to sell
- 3. Finances are handled

#### How does the FREE Trial Stay work?

We understand you may be hesitant about Senior Living. The trial allows you to become a resident with no strings attached! Explore the campus, try the meals, join a club or find a social program that fits your interests!

This program is available based on availability per campus. We recommend you call your campus of interest to set up a time for a free lunch & tour. You may just want to stay!
